The 2022 season brought amazing golfing weather and the return of all our events to the Bruce Beach Golf Course. It was wonderful to see all the members and their families out enjoying the course, especially the Juniors with the return of their golf tournament.

The clubhouse usage also returned to normal in 2022 with a number of events and meetings booked throughout the summer. I would like to thank Nan Grant for 10 years of service to the BBGC as scheduling Manager for the Clubhouse. Beginning this summer, Kelly Buchanan will be the new Manager. No major storms during the off-season means we will not require a Work Bee for June 2023. We plan to have the course open starting the May long weekend until Thanksgiving.

Our regular ash tree maintenance program continued last fall with a number of large trees removed along the east side of hole # 4 and two very large trees and some brush were removed on the south side of hole # 3.

Thank you once again to all our amazing members and volunteers who turned out on a beautiful fall day to assist with the clean-up of the brush and logs. A special thank you to Tom Karrow for his skillful cutting of the two very large ash trees and to Rob Parker for splitting and distributing the wood. A little more clean-up will be done this spring and a row of cedars will be planted along the south side of the fairway to re-establish the wind break.

Some additional ash trees will be removed over the course of 2023 behind the green for hole # 9. This project has not been scheduled yet. Members, please take note of our new red roof on the gazebo. Thank you, David Wilson, for organizing that project.

Finally, I would like to welcome Mike Buchanan as a new member of the Board of Directors.

Thank you to all our members for your continued support and I look forward to seeing all of you on the course in 2023. Enjoy!!

*David Grant - President, BBGC*
