

SPORTS DAY

When we think about past summers, we remember family time at the cottage hanging out with friends and beautiful sunsets in this amazing place called Bruce Beach, and no matter what age you are, you also remember people playing sports like tennis, golf, or baseball. Unfortunately, during the past two summers we had to put a hold on many of the other fun activities that bring people together on the beach, including Sports Day.

We miss watching the kids' running races, trying to figure out triple jump, seeing how far they can throw a ball and trying to get over the high jump bar. It was disappointing for those who were excited to participate for the first time and for those that had personal goals to improve their results from the previous years.

We are hopeful that we can hold a Sports Day this August and look forward to the day we can gather on the golf course and cheer everyone on.

Updates will be provided by email and on the Bruce Beach website: www.bruce-beach.com.
